

ANNUAL REPORT
PUBLIC SAFETY COMMISSION

The Public Safety Commission Addressed the following Topics during the past year:

1. “Before the Threat, Are you Prepared?” A video presentation of the San Miguel Fire Department and Farmers insurance company on the Wild Fire threat.
2. A presentation on the H1N1 threat by local expert Dr. Don Gragg.
3. A presentation by Heather Steel of “The Innocent Justice Foundation” regarding Child abuse.

In addition the Chairman help facilitate the Main speaker at the January meeting, Fire Chief Javier Mainer.

The meetings were poorly attended by the public. They were well advertised so my only recommendation is that future speakers be invited to the full Council meetings and the committee become an ad-hock committee meeting only on special concerns raised to the Council.

George K George
Chairman
